

DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS

TERMS AND CONDITIONS OF THE
MARKET WARRANTS TO BE ISSUED BY EUREKING

Pursuant to the provisions of Articles L.228-91 and *seq.* of the French *Code de commerce* the company eureKING, a French *société anonyme* whose registered office is located 128 rue la Boétie, 75008 Paris, registered with the Paris Trade and Companies Register under number 911 610 517 (the “**Company**” or the “**Issuer**”) hereby establishes the terms and conditions applicable to the class B warrants (*bons de souscription d’actions ordinaires de la Société rachetables*) (the “**Market Warrants**”), it being specify that the class B shares (the “**Market Shares**”) and the Market Warrants are being offered only in the form of units (*actions de préférence stipulées rachetables assorties de bons de souscription d’actions ordinaires de la Société rachetables*), each consisting of one Market Share and one Market Warrant (the “**Units**”) to be issued by the Company pursuant to a share capital increase of a maximum amount of €150,000,000 by the issuance of a maximum number of 15,000,000 Units consisting of 15,000,000 Market Shares and 15,000,000 Market Warrants (or in case of exercise of the Extension Clause (as defined below) in full €165,000,000 by the issuance of a maximum number of 16,500,000 Units consisting of 16,500,000 Market Shares and 16,500,000 Market Warrants).

In accordance with the provisions of article L.225-132 paragraph 6 of the French *Code de commerce*, the decision to issue the Units automatically entails the renunciation by the Company’s shareholders, in favour of the subscribers of the Units (the “**Units Holders**”), of their preferential subscription right to the new Ordinary Shares (as defined below) which will be issued by exercise of the Market Warrants.

1 Definitions

Certain terms frequently used herein are defined below. References to Section, without further specification, are to those contained herein. Any defined term shall include, as the case may be, the singular or plural forms.

The headings of the Paragraphs or Sections below are for convenience only and shall not affect the meaning or interpretation herein.

Hereinafter and unless the context otherwise requires, terms with capital letters have the following meaning:

“ BALO ”	means the French <i>Bulletin des annonces légales obligatoires</i> ;
“ Board of Directors ”	means the board of directors (<i>Conseil d’Administration</i>) of the Company;
“ Business Combination ”	means a merger, capital stock exchange, share purchase, asset acquisition, reorganisation or any similar transaction (including the Initial Business Combination);
“ Business Day ”	means any day on which banks in Paris and London are open for general business;
“ Company ” or “ Issuer ”	has the meaning attributed to it in the preamble;
“ Euroclear ”	means Euroclear France ;
“ Euronext Paris ”	means Euronext Paris S.A;

DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS

“Exercise Period”	means, with respect to the Market Warrants and the Founders’ Warrants, the period (i) commencing on the Initial Business Combination Completion Date and (ii) ending at 5:30 pm CET on the first Business Day following the fifth (5 th) anniversary of the Initial Business Combination Completion Date, subject to early termination if (a) the Market Warrants and/or Founders’ Warrants are redeemed or (b) the Company is liquidated;
“Exercise Price”	has the meaning attributed to it in Section 3.3;
“Exercise Ratio”	has the meaning attributed to it in Section 3.5.2;
“Extension Clause”	means the right granted to the Company, within the limits of the authorisation granted under the 19 resolution of the Combined Shareholders’ Meeting (<i>Assemblée générale mixte</i>) held on 5 May 2022 to elect, in its sole discretion after consulting with the Joint Global Coordinators and Joint Bookrunners, to increase the size of this Offering up to €165,000,000 (to a maximum of additional 1,500,000 Units) on the date of pricing of the Offering;
“Fair Market Value”	means the fair market value of all target businesses and/or companies as determined by the Board of Directors of the Company based upon standards generally accepted by the financial community, such as among others the actual and potential sales, the values of comparable businesses, earnings and cash flow, and book value;
“Founders’ Shares”	means the class A1 Founder’s Shares, the class A2 Founder’s Shares and the class A3 Founder’s Shares, collectively;
“Founders’ Warrants”	means the class A warrants (<i>bons de souscription d’actions ordinaires de la Société rachetables</i>) issued to the Founders as part of the Founders’ Units;
“Initial Business Combination”	means a Business Combination completed by the Company with one or several target businesses and/or companies with principal operations in the biomanufacturing sector mainly in Europe, which has been approved by the Required Majority;
“Initial Business Combination Completion Date”	means the date on which the Initial Business Combination approved by the Board of Directors is completed;
“Initial Business Combination Deadline”	means 31 October 2023;
“Joint Global Coordinators and Joint Bookrunners”	means collectively J.P. Morgan SE and Société Générale;
“Listing Date”	means the date on which the Market Shares and the Market Warrants composing the Units detached and start trading separately on the Professional Segment;
“Make-Whole Exercise Ratio”	has the meaning attributed to it in Section 3.5.2;
“Make-Whole Trigger”	has the meaning attributed to it in Section 3.5.2(iv);

DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS

Range”

“Market Shares”	means the class B redeemable preferred shares (<i>Actions B</i>) of the Company underlying the Units to be issued in the Offering, which have a nominal value of €0.01 and are convertible into Ordinary Shares upon completion of the Initial Business Combination;
“Market Warrants”	means the class B warrants (<i>bons de souscription d’actions ordinaires de la Société rachetables</i>) issued jointly with the Market Shares and forming together the Units to be issued in the Offering;
“Market Warrants Holder”	means a holder of Market Warrants;
“Offering”	means the offering of Units, as contemplated in the Prospectus;
“Ordinary Share”	means the ordinary share of the Company, with a nominal value of €0.01, into or for which (i) the Founders’ Shares and the Market Shares may be converted and (ii) the Founders’ Warrants and the Market Warrants may be exercised;
“Professional Segment”	has the meaning attributed to it in Section 2.1;
“Prospectus”	means the prospectus, prepared in connection with the Offering of Units and for purposes of the admission of the Market Shares and the Market Warrants to the trading on the Professional Segment;
“Standard Exercise Ratio”	has the meaning attributed to it in Section 3.3;
“Subscription Price”	has the meaning attributed to it in Section 2.1;
“Trigger Price”	has the meaning attributed to it in Section 3.5.1(iv); and
“Unit”	means an <i>action de préférence stipulée rachetable assortie d’un bon de souscription d’action ordinaire de la Société rachetable</i> , consisting of one Market Share and one attached Market Warrant.

2 Characteristic of the Units

2.1 Quantity, issue price and total amount

Assuming full subscription of the Offering and no exercise of the Extension Clause, 15,000,000 Units consisting of 15,000,000 Market Shares and 15,000,000 Market Warrants shall be issued at a subscription price of €10,00 per Unit, *i.e.* €0,01 of nominal value and €9,99 of issue premium (the **“Subscription Price”**).

If the Extension Clause is exercised in full, 1,500,000 additional Units consisting of 1,500,000 additional Market Shares and 1,500,000 additional Market Warrants shall then be issued at the Subscription Price.

2.2 Issuance date of the Units

The Units will be issued immediately prior to admission to listing of the Market Shares and the Market Warrants on the Professional Segment (*Compartiment Professionnel*) of the regulated market of Euronext Paris (the **“Professional Segment”**).

**DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS**

2.3 Benefit

The Market Shares shall, from their creation, be subject to all the provisions of the Company's Articles of Association and decisions approved by the general meetings of holders.

2.4 Payment of the Subscription Price

The payment of the Subscription Price of the Units corresponding to the total of their nominal value and to the total of the issue premium will be made in cash.

2.5 Subscription period

The subscription period of the Units will be determined by the Board of Directors. Upon decision of the Board of Directors, the subscription period may be prematurely closed when all Market Units have been subscribed in full.

2.6 Negotiability

The Company has applied for admission of the Market Shares and of the Market Warrants to trading on the Professional Segment. Starting on the Listing Date, which is expected to be 12 May 2022, all of the Company's Market Shares and the Market Warrants underlying the Units will detach and trade separately on two listing lines named respectively "KINGS" and "KINGW".

3 Characteristics of the Market Warrants

3.1 Issuance, Applicable law and jurisdiction

Market Warrants shall be securities giving access to the share capital within the meaning of Articles L.228-91 *et seq.* of the French *Code de commerce*. The Market Warrants shall be issued in accordance with French laws and regulations and the competent courts, in the event of litigation, shall be those having jurisdiction over the location of the Company's registered office whenever the Company is the defendant. Such courts shall be designated according to the nature of the litigation, unless the French *Code de procédure civile* provides otherwise.

The issue of Market Warrants shall be done in euros (€).

The Market Warrants will start trading on the Professional Segment upon the Listing Date under ISIN FR0014009OX8. No request to admission for trading on another market has been made nor is it foreseen as of the date hereof.

3.2 Form, Ownership and Transfer of Market Warrants

Market Warrants may be held as registered or bearer securities at the option of the holder.

In accordance with Articles L.211-15 and L.211-17 of the French *Code monétaire et financier*, Market Warrants shall be transferred from account to account and transfer of the ownership of the Market Warrants shall be deemed effective from the moment they are registered in the name of the acquirer.

Application shall be made for the Market Warrants to be admitted to Euroclear, which shall ensure the clearing of the Market Warrants between account holders-custodians.

The Company recognises only one single holder per Market Warrant. In case one or more Market Warrants are jointly owned or if the title of ownership to such Market Warrant(s) is divided, split or disputed, all persons claiming a right to such Market Warrant(s) have to appoint one single attorney to represent such Market Warrant(s) towards the Company. The failure to appoint such attorney implies a suspension of all rights attached to such Market Warrant(s).

DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS

3.3 Exercise Price, Exercise Period and Exercise Method

Two Market Warrants will entitle their holder to subscribe for one Ordinary Share with a nominal value of €0.01 (the “**Standard Exercise Ratio**”), at an overall exercise price of €11.50 per new Ordinary Share (the “**Exercise Price**”). The Market Warrants may only be exercised in exchange for a whole number of Ordinary Shares. No fractional Ordinary Share will be issued upon exercise of the Market Warrants. If, upon exercise of the Market Warrants, a holder would be entitled to receive a fractional interest in an Ordinary Share, (i) the Company will, upon exercise, round down to the nearest whole number the number of Ordinary Shares to be issued to the Market Warrants Holder and (ii) the Market Warrants Holder will receive an amount in cash from the Company equal to the resulting fractional share multiplied by the volume weighted average price of the Ordinary Shares, on the relevant market of Euronext Paris, at the stock exchange session preceding the day of filing of the request to exercise its Market Warrants (see Section 3.10 (*No Fractional Ordinary Shares*)).

The Standard Exercise Ratio and the Make-Whole Exercise Ratio (as defined below) may be adjusted following transactions implemented by the Company after the Listing Date, in accordance with applicable French laws and regulations, in order to maintain the rights of the holders of the Market Warrants, as described in Section 3.9 (*Maintenance of rights of Market Warrant Holders*).

The Market Warrants shall become exercisable as from the Initial Business Combination Completion Date.

The Market Warrants shall lapse without value at the close of trading on Euronext Paris (5:30 p.m., Central European time) on the first business day after the fifth anniversary of the Initial Business Combination Completion Date or earlier upon (i) redemption (see Section 3.5 (*Redemption of Market Warrants*)), or (ii) liquidation of the Company.

To exercise Market Warrants, a holder must:

- (i) make the request (a) to its accredited financial intermediary, for the Market Warrants held in bearer form (*forme au porteur*) or in administrative registered form (*forme nominative administrée*), or (b) to Société Générale, acting through its Securities Services division, (32 rue du Champ de Tir, 44308 Nantes, France) appointed by the Company, for Market Warrants held in registered form (*forme nominative pure*), and
- (ii) pay the amount due to the Company as a result of the exercise of the Market Warrants.

Société Générale, acting through its Securities Services division, will ensure centralisation of these transactions.

Holders of book-entry interests may exercise their Market Warrants through the relevant participant of Euroclear through which they hold such Market Warrants, following applicable procedures for exercise and payment.

The date of exercise of the Market Warrants shall be the date on which the last of the following conditions is met:

- (i) the Market Warrants have been transferred by the accredited financial intermediary to Société Générale, acting through its Securities Services division, in its capacity as centralising agent;
- (ii) the amount due to the Company as a result of the exercise of the Market Warrants is received by Société Générale, acting through its Securities Services division, in its capacity as centralising agent.

DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS

Delivery of Ordinary Shares issued upon exercise of Market Warrants shall take place at the latest on the 10th trading exchange day after their exercise date.

In the event of a transaction giving right to an adjustment pursuant to Section 3.9 (*Maintenance of rights of Market Warrants Holders*) and for which the date on which the holding of Shares of the Company is established in order to determine the shareholders benefitting from a transaction, or who can participate in the transaction, is between (i) the date of exercise of the Market Warrants and (ii) the delivery date of the Ordinary Shares issued upon exercise of Market Warrants (excluded), the holders of Market Warrants shall not be entitled to take part in such transaction, subject to their right to adjustment until the delivery date of the Ordinary Shares (excluded).

3.4 Suspension of the exercise of Market Warrants

In the event that new equity securities or new securities giving access to the capital of the Company or other financial transactions with a preferential subscription rights are issued, as well as in the case of merger or of spin-off, the Board of Directors reserves the right to suspend the exercise of Market Warrants for a maximum period of three months or any other timeframe fixed by the applicable French laws and regulations, and such suspension shall in no way cause the holders of the Market Warrants to lose their right to subscribe to new shares in the Company.

In this case, information shall be published through a BALO notice at least seven days before the entry into force of the suspension to inform Market Warrants Holders of the date from which the exercise of Market Warrants shall be suspended and the date on which it shall resume. This information shall also be the subject of an announcement published by Euronext Paris.

3.5 Redemption of Market Warrants

3.5.1 Redemption if the trading price of the Ordinary Shares equals or exceeds €18.00

During the Exercise Period of the Market Warrants, the Company may, at its sole discretion, elect to call the Market Warrants for redemption:

- (i) in whole but not in part;
- (ii) at a price of €0.01 per Market Warrant;
- (iii) upon a minimum of 30 days' prior written notice of redemption; and
- (iv) if, and only if, the last trading price of the Ordinary Shares equals or exceeds €18.00 per Ordinary Share (the "**Trigger Price**") for any period of 20 trading days within a 30 consecutive trading day period ending three Business Days before the Company sends the notice of redemption.

If the foregoing conditions are satisfied and the Company issues a notice of redemption, each Market Warrants Holder may exercise all or part of its Market Warrants prior to the scheduled redemption date at the Standard Exercise Ratio and the exercised Market Warrants shall not be redeemed in such case. The price of the Ordinary Shares issued upon such exercise may fall below the €18.00 Trigger Price after the redemption notice is issued. A decline in the price of the Ordinary Shares shall not result in the redemption notice being withdrawn or give rise to the right to withdraw an exercise notice.

3.5.2 Redemption if the trading price of the Ordinary Shares equal or exceeds €11.50 but is less than €18.00

During the Exercise Period of the Market Warrants, the Company may, at its sole discretion, elect to call the Market Warrants for redemption:

DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS

- (i) in whole but not in part;
- (ii) at a price of €0.01 per Market Warrant;
- (iii) upon a minimum of 30 days' prior written notice of redemption; and
- (iv) if, and only if, the last trading price of the Ordinary Shares equals or exceeds €11.50 per Ordinary Share but is less than €18.00 per Ordinary Share (the **"Make-Whole Trigger Range"**) for any period of 20 trading days within a 30 consecutive trading days period ending three Business Days before the Company sends the notice of redemption.

If the foregoing conditions are satisfied and the Company issues a notice of redemption, each Market Warrants Holder may exercise all or part of its Market Warrants prior to the scheduled redemption date at the applicable Make-Whole Exercise Ratio and the exercised Market Warrants shall not be redeemed in such case. The price of the Ordinary Shares issued upon such exercise may fall below the low end of the Make-Whole Trigger Range or equals or exceeds the high end of the Make-Whole Trigger Range after the redemption notice is issued. Such a decline or increase in the price of the Ordinary Shares shall not result in the redemption notice being withdrawn, give rise to the right to withdraw an exercise notice or, if the price of the Ordinary Shares equals or exceeds the high end of the Make-Whole Trigger Range, the right to exercise the Warrants at any other exercise ratio than the applicable Make-Whole Exercise Ratio.

The applicable Make-Whole Exercise Ratio will be determined by the Company on the basis of the table below.

The numbers in the table below represent the different values of the number of Ordinary Share to which the exercise of two Market Warrants would entitle, based on (i) the Fair Trading Value of the Ordinary Shares on the corresponding redemption date (assuming holders of Market Warrants elect to exercise their Market Warrants and such warrants are not redeemed for €0.01 per Market Warrant), determined for these purposes based on the volume weighted average price of the Ordinary Shares during the 20 trading days period immediately following the date on which the notice of redemption is sent to the holders of Market Warrants, and (ii) the number of months that the corresponding redemption date precedes the expiration date of the Market Warrants, each as set forth in the table below (the **"Make-Whole Exercise Ratio"** and, together with the Standard Exercise Ratio, the **"Exercise Ratio"**). The applicable Make-Whole Exercise Ratio, together with the final fair trading value retained will be indicated on the Company's website no later than one business day after the 20 trading day period described above ends.

The share prices set forth in the column headings of the table below will be adjusted as of any date on which the number of shares issuable upon exercise of a Market Warrant at the Standard Exercise Ratio is adjusted as described in Section 3.9 (*Maintenance of rights of Market Warrants holders*). If Standard Exercise Ratio is adjusted, the adjusted share prices in the column headings will equal the share prices immediately prior to such adjustment, multiplied by a fraction, the numerator of which is the number of shares deliverable upon exercise at the Standard Exercise Ratio of a Market Warrant immediately prior to such adjustment and the denominator of which is the number of shares deliverable upon exercise of a Market Warrant at the adjusted Standard Exercise Ratio. The different values of the Make-Whole Exercise Ratio in the table below shall also be adjusted in the same manner and at the same time as the Standard Exercise Ratio as described in Section 3.9 (*Maintenance of rights of Market Warrants holders*).

18 months.....	1.195	1.169	1.127	1.092	1.065	1.041	1.022	1.000
15 months.....	1.181	1.155	1.115	1.083	1.058	1.036	1.019	1.000
12 months.....	1.164	1.139	1.101	1.071	1.049	1.031	1.016	1.000
9 months.....	1.144	1.120	1.084	1.058	1.039	1.024	1.013	1.000
6 months.....	1.118	1.095	1.063	1.040	1.026	1.015	1.008	1.000
3 months.....	1.085	1.062	1.035	1.018	1.010	1.005	1.003	1.000
0 month.....	1.000	1.000	1.000	1.000	1.000	1.000	1.000	1.000

The exact fair trading value and redemption date may not be set forth in the table above, in which case, if the fair trading value is between two values in the table or the redemption date is between two redemption dates in the table, the applicable Make-Whole Exercise Ratio to be issued for each Market Warrant exercised will be determined by a straight-line interpolation between the number of shares set forth for the higher and lower fair trading values and the earlier and later redemption dates, as applicable, based on a 365 or 366-day year, as applicable.

For example, if the volume weighted average price of the Ordinary Shares during the 20 trading days immediately following the date on which the notice of redemption is sent to the holders of the Market Warrants is €13.55 per share, and at such time there are 57 months until the expiration of the Market Warrants, holders of Market Warrants may choose to, in connection with this redemption feature, exercise their Market Warrants at a Make-Whole Exercise Ratio of two Market Warrants to subscribe for 1.195 Ordinary Shares. Similarly, where the exact fair trading value and redemption date are not as set forth in the table above, if the volume weighted average price of the Ordinary Shares during the 20 trading days immediately following the date on which the notice of redemption is sent to the holders of the Market Warrants is €14.23 per share, and at such time there are 38 months until the expiration of the Public Warrant, holders may choose to, in connection with this redemption feature, exercise their Market Warrants at a Make-Whole Exercise Ratio of two Market Warrant to subscribe for 1.130 Ordinary Share.

3.6 Ranking of Market Warrants

Not applicable.

**DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS**

3.7 Amendment of the rules on distribution of profits and amortisation, legal form or corporate purpose of the Company

After the issuance of Market Warrants and as per the possibility provided for in Article L.228-98 of the French *Code de commerce*, the Company may change its legal form or corporate purpose without having to obtain the prior agreement of the Market Warrants Holders in a special meeting.

Also and in accordance with Article L.228-98 of the French *Code de commerce*, the Company may, without asking for authorisation from a special meeting of the Market Warrants Holders, initiate a repurchase of its shares, modify the profit distribution and/or the issuance of preferred shares provided that, for as long as Market Warrants are outstanding, it must take the measures necessary to preserve the rights of Market Warrants Holders. In accordance with Article R.228-92 of the French *Code de commerce*, if the Company decides (i) to issue whatever type of new shares or securities giving access to the capital with preferential subscription rights limited to its shareholders, (ii) to distribute reserves (in cash or in kind) or share premiums or (iii) to change the distribution of its profits by creating preferred shares, it shall inform (as long as the current regulation so requires) the Founders Warrants holders *via* an announcement in the *BALO*.

3.8 Reduction of the share capital resulting from losses

In accordance with Article L.228-98 of the French *Code de commerce*, in the event of a reduction of the share capital resulting from losses and realised through a decrease in the par value or of the number of shares comprising the share capital, the rights of the Market Warrants Holders will be reduced accordingly, as if they had exercised their right to subscribe to new shares in the Company before the date such share capital reduction occurred.

3.9 Maintenance of rights of Market Warrants Holders

Upon contemplation of the following transactions:

- (i) Financial transactions with listed preferential subscriptions rights or by free allocation of listed subscription warrants to the shareholders;
- (ii) Free allotment of shares to shareholders, regrouping or splitting shares;
- (iii) Incorporation into equity of reserves, profits or premiums by increasing the nominal value of the shares;
- (iv) Distribution of reserves and of premiums either in cash or in kind;
- (v) Free distribution to the shareholders of the Company, of financial securities in the Company (except shares) free of charge;
- (vi) Absorption, merger, spin-off;
- (vii) Buyback by the Company of its own shares at a price higher than the stock market price;
- (viii) Amortisation of the share capital;
- (ix) Change in the distribution of profits and/or creation of preferred shares;
- (x) Dividend distribution to the shareholders;

that the Company can effect from the date of issuance of the Market Warrants and for which the date on which the holding of shares of the Company is established in order to determine the shareholders benefitting from a transaction or who can participate in the transaction and in particular to which shareholders, a dividend, a distribution, an attribution or an allocation, announced or voted as of this date or previously announced or voted, must be paid, delivered or

DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS

realised, is before the date of delivery of the new Ordinary Shares issued upon the exercise of the Market Warrants, the maintenance of the rights of Market Warrants Holders shall be ensured until the delivery date (excluded) by proceeding to an adjustment of the Exercise Ratio in accordance to the methods described below.

Any adjustment shall be made so that, up to the next 1/100th of an Ordinary Share, the value of Ordinary Shares that would have been obtained if Market Warrants had been exercised immediately before the implementation of one of the aforementioned transactions equalises the value of the Ordinary Shares that would have been obtained in the event of exercising the Market Warrants immediately after the implementation of that transaction.

In case of adjustments made in accordance with paragraphs 1 to 10 below, the new Exercise Ratio shall be determined with two decimals rounded to the next 1/100th (0.005 rounded up to the next 1/100th, *i.e.* 0.01). Possible subsequent adjustments shall be effected based on the preceding Exercise Ratio as calculated and rounded. The Market Warrants, however, may only be exercised in a whole number of Ordinary Shares (see Section 3.10 (*No Fractional Ordinary Shares*)).

1. (a) For financial transactions having a listed preferential right to subscription, the new Exercise Ratio shall equal the product of the Exercise Ratio applicable before the start of the transaction considered and the following ratio:

$$\frac{\text{Value of the Ordinary Share after detaching the preferential subscription rights} + \text{Value of the preferential subscription rights}}{\text{Value of the Ordinary Share after detaching the right of preferential subscription}}$$

To calculate this ratio, the value of the Ordinary Shares after detaching the preferential subscription rights and the value of the preferential subscription rights are equal to the arithmetic average of the opening prices of their first quotes on Euronext Paris (or in the absence of any quote on Euronext Paris, on any regulated market or on a similar market on which the Ordinary Shares of the Company or the preferential subscription right is listed) during all sessions of the stock exchange included in the subscription period.

-
- (b) In the event of financial transactions with free allocation of listed subscription warrants to the shareholders with the corresponding ability to sell the securities resulting from the exercise of warrants that were unexercised by their holders at the end of their subscription period¹, the new Exercise Ratio will be determined by multiplying the Exercise Ratio in effect prior to the relevant transaction by the following formula:

$$\frac{\text{Value of the Ordinary Share after the detachment of the warrant} + \text{Value of the Market Warrant}}{\text{Value of the Ordinary Share after the detachment of the Market Warrant}}$$

For the purpose of the calculation of this formula:

- the Value of the Share after the detachment of the warrant will be equal to the volume-weighted average of (i) the prices of the Share traded on Euronext Paris (or in the absence of any quote on Euronext Paris, on any regulated market or on a similar market on which the share of the Company or the preferential subscription right is listed) during all

¹ Are only concerned warrants which are "substitutes" of preferential subscription rights (exercise price usually lower than the market price, term of the warrant similar to the subscription period of the capital increase with upholding of the shareholders' preferential subscription right, option to "recycle" the non-exercised warrants). The adjustment as a result of a free allocation of standard warrants (exercise price usually greater than the market price, term usually longer, absence of option granted to the beneficiaries to "recycle" the non-exercised warrants) should be made in accordance with paragraph 5.

DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS

sessions of the stock exchange included in the subscription period, and (ii) (a) the sale price of the securities sold in connection with the offering, if such securities are fungible with the existing Shares, applying the volume of Shares sold in the offering to the sale price, or (b) the prices of the Share traded on Euronext Paris (or in the absence of any quote on Euronext Paris, on any regulated market or on a similar market on which the share of the Company or the preferential subscription right is listed) on the date on which the sale price of the securities sold in the offering is set, if such securities are not fungible with the existing Shares;

- the Value of the warrant will be equal to the volume-weighted average of (i) the prices of the warrants traded on Euronext Paris (or in the absence of any quote on Euronext Paris, on any regulated market or on a similar market on which the share of the Company or the preferential subscription right is listed) during all sessions of the stock exchange included in the subscription period, and (ii) the subscription warrant's implicit value as derived from the sale price of the securities sold in the offering, which shall be deemed to be equal to the difference (if positive) adjusted for the exercise ratio of the warrants, between the sale price of the securities sold in the offering and the subscription price of the securities through exercise of the warrants by applying to this amount the corresponding amount of warrants exercised in respect of the securities sold in the offering.
2. In case of free allotment of Ordinary Shares to shareholders, and also in case of splitting or regrouping of Ordinary Shares, the new Exercise Ratio shall be equal to the Exercise Ratio obtained before the start of the transaction considered and of the following ratio:

$$\frac{\text{Number of Ordinary Shares forming the capital after the transaction}}{\text{Number of Ordinary Shares forming the capital before the transaction}}$$

3. In case of capital increase by incorporation of reserves, profit or premiums by increase of the nominal value of the Ordinary Shares of the Company, the nominal value of the Ordinary Shares that the Market Warrants Holders could obtain by exercising their Market Warrants shall be duly increased and no adjustment shall be required to be made to the Exercise Ratio.
4. In case of distribution of reserves and of premiums either in cash or in kind, the new Exercise Ratio shall be equal to the product of the Exercise Ratio applicable before the transaction considered and of the following ratio:

$$\frac{\text{Value of the Ordinary Share before distribution}}{\text{Value of the Ordinary Share before distribution} - \text{Amount per Ordinary Share of the distribution or value of securities or assets distributed per Ordinary Share}}$$

For the calculation of this ratio:

- (i) the value of the Ordinary Share before distribution shall be equal to the average weighted by volumes of the market prices of the Company's Market or Ordinary Share observed on Euronext Paris (or in absence of a quotation on Euronext Paris, on another regulated market or on a similar market on which the share is listed) during the last three sessions of the stock exchange preceding the day the Ordinary Shares of the Company are listed ex- distribution;
- (ii) if the distribution is made in cash, or is made either in cash or in kind (including but not limited to Shares), the amount distributed per Share will be the amount of such cash payable per Share (prior to any withholdings and without taking into account any

DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS

applicable deductions), *i.e.* disregarding the value of the in-kind property payable in lieu of such cash amount at the option of the shareholders as aforesaid;

(iii) if distribution is made in kind:

- In case of delivery of securities already listed on a regulated market or on a similar market, the value of the securities shall be determined as above,
- In case of delivery of securities not yet listed on a regulated market or on a similar market, the value of securities remitted shall be equal, if they should be listed on a regulated market or a similar market for a period of ten sessions starting from the date on which the Ordinary Shares of the Company are listed ex-distribution, to the average weighted by volumes of the market prices observed on said market during the three first sessions of the stock exchange included in this period during which said securities are listed, and
- In all other cases (securities delivered not listed on a regulated market or on a similar market or listed during less than three stock market sessions during a period of ten sessions envisaged *supra* or distribution of assets), the value of the securities or the assets remitted per Ordinary Share shall be determined by an independent expert of international reputation chosen by the Company.

5. In case of free allocation to shareholders of securities, other than Ordinary Shares in the Company, the new Exercise Ratio shall be equal to:

- (a) if the right to the free allocation of securities were admitted to trading on Euronext Paris (or in the absence of listing on Euronext Paris, on another regulated market or on a similar market), the product of the Exercise Ratio applicable before the start of the transaction considered and of the ratio:

$$\frac{\text{Value of the Ordinary Share ex – right to free allocation} + \text{Value of the right to free allocation}}{\text{Value of the Ordinary Share ex – right to free allocation}}$$

For the calculation of this ratio:

- the value of the Ordinary Share ex-right of free allocation shall be equal to the average weighted by volumes of the market prices observed on Euronext Paris (or in absence of quotation on Euronext Paris, on another regulated market or on a similar market on which the share ex-right of free allocation is listed) of the Ordinary Share ex-right of free allocation during the three first sessions of the stock exchange starting on the date on which the Ordinary Shares of the Company are listed ex-right of free allocation;
- the value of the right to free allocation shall be determined as in the paragraph *supra*.

If the right to free allocation is not quoted during each of the three sessions of the stock exchange, its value shall be determined by an independent expert of international reputation chosen by the Company.

- (b) if the right to free allocation of securities were not admitted to trading on Euronext Paris (or in the absence of listing on Euronext Paris, on another regulated market or on a similar market), the product of the Exercise Ratio applicable before the start of the transaction considered and of the following ratio:

DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS

$$\frac{\text{Value of the Ordinary Share ex – right to free allocation of shares} + \text{Value of security(ies) granted per Ordinary Share}}{\text{Value of the Ordinary Share ex – right to free allocation of Shares}}$$

For the calculation of this ratio:

- the Value of the Ordinary Share ex-right to allocation shall be determined as in paragraph a) above;
 - if these financial instruments are listed or can be listed on Euronext Paris (or if not on Euronext Paris, on another regulated market or a similar market), within ten sessions of the stock exchange starting from the day when Ordinary Shares are listed ex-distribution, the value of the financial title(s) given by Ordinary Share shall be equal to the average weighted by volumes of the prices of these securities observed on said market during the three first sessions of the stock exchange included in this period during which said securities are listed. If the attributed financial instruments are not quoted during each of these three market sessions, the value of the Ordinary Shares shall be determined by an internationally recognised independent expert chosen by the Company.
6. In case of absorption of the Company by another company or merger with one or more companies in a new company or spin-off, the exercise of the Market Warrants shall allow attribution of shares of the absorbing company or the new one or the companies that benefit from the spin-off.

The new Exercise Ratio shall be determined by multiplying the Exercise Ratio applicable before the start of the transaction considered by the Exercise Ratio of the Company's Ordinary Shares against the shares of the absorbing company or the new one or the companies that benefit from the spin-off. These last companies shall be fully subrogated in the rights of the Company in its obligations towards the Market Warrants Holders.

7. In case of buyback by the Company of its own Ordinary Shares under the conditions set forth by Articles L.225-207, L.225-208 or L.225-209 of the French Code *de commerce*, at a price higher than the stock exchange price, the new Exercise Ratio shall be equal to the product of the Exercise Ratio applicable before the buyback and the following ratio:

$$\frac{\text{Value of the Ordinary Share} \times (1 - \text{PC}\%)}{\text{Value of the Ordinary Share} - \text{PC}\% \times \text{Buyback price}}$$

For the calculation of this ratio:

- Value of the Ordinary Share means the average weighted by volumes of the market prices of the Company's Ordinary Shares on Euronext Paris (or in case of absence of listing on Euronext Paris, on another regulated market or a similar market on which the Ordinary Share is listed) during the three last stock exchange sessions preceding the buyback (or the possibility of buyback);
- PC% means the percentage of total share capital repurchased; and
- Buyback price means the effective buyback price.

DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS

8. In case of amortisation of the share capital, the new Exercise Ratio shall be equal to the product of the Exercise Ratio on the date before the start of the transaction considered and of the following ratio:

$$\frac{\text{Value of the Ordinary Share before amortization}}{\text{Value of the Ordinary Share before amortisation – amount of the amortisation per Ordinary Share}}$$

For the calculation of the ratio, the value of the Ordinary Share before amortisation shall be equal to the average weighted by volumes of the market prices of the Company's Ordinary Shares on Euronext Paris (or in case of absence on Euronext Paris, on another regulated market or on a similar market on which the Ordinary Share is traded) during the three last sessions of the stock exchange preceding the session the Ordinary Shares of the Company are quoted ex- amortisation.

9. (a) In case of modification, of the distribution of profits and/or creation of new preferred shares resulting in such modification by the Company, the new Exercise Ratio shall be equal to the Exercise Ratio before the start of the transaction considered and the following ratio:

$$\frac{\text{Value of the Ordinary Share before modification}}{\text{Value of the Ordinary Share before modification – reduction per Ordinary Share of the right to profits}}$$

For the calculation of this ratio:

- the Value of the Ordinary Share before modification shall be determined after taking into account the weighted average of the prices of the Company's Ordinary Shares on Euronext Paris (or on another regulated market or another similar market where the Ordinary Shares are listed) during the three last sessions of the stock exchange preceding the date of modification;
- the reduction per Ordinary Share on the right to profits shall be determined by an internationally recognised independent expert chosen by the Company and shall be submitted for approval to the general meeting of the holders of Market Warrants.

If however these preferred shares are issued with preferential subscription rights of shareholders or via free distribution of warrants to subscribe to such preferred shares, the new Exercise Ratio shall be adjusted in accordance to paragraphs 1 or 5 *supra*.

(b) in case of creation of preferred shares without a modification in the distribution of profits, the adjustment of the Exercise Ratio that would be necessary shall be decided by an internationally recognised independent expert chosen by the Company.

10. In case of payment by the Company of any dividend or distribution made in cash or in kind (value then having been determined in accordance with 4 *supra*) to shareholders, the new Exercise Ratio shall be calculated as follows:

$$NPE = EP \times \frac{CA}{(CA - MDD)}$$

**DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS**

Where:

- NPE means New Exercise Ratio;
- EP means Exercise Ratio previously applicable;
- MDD means the amount of dividend distributed by Ordinary Share; and
- CA means the Ordinary Share price, defined as equal to the average weighted by volumes of the market prices of the Company's Ordinary Shares observed on Euronext Paris (or, in absence of a quote on Euronext Paris, on another regulated market or a similar market where the Ordinary Share is quoted), during the last three sessions of the stock exchange preceding the session where the Ordinary Shares of the Company are listed ex-dividend.

If the Company were to carry out transactions where an adjustment had not been completed under paragraphs 1 to 10 *supra*, and where a later law or regulation would imply an adjustment, the Company shall make this adjustment in accordance with the law or regulations applicable and the market customs in this matter in France.

In case of adjustment, the new terms for exercising Market Warrants shall be communicated to the holders of the Market Warrants through a publication by the Company on its website (www.eureking.com) at the latest five Business Days after the new adjustment becomes effective. This adjustment shall also be published by Euronext Paris within the same timeframe.

Also, the Board of Directors of the Company shall report the elements of the calculation and the results of any adjustment in the yearly report after this adjustment.

3.10 No Fractional Ordinary Shares

Each holder of Market Warrants exercising such Market Warrants can subscribe to a number of Ordinary Shares calculated by applying the number of Market Warrants exercised by the applicable Exercise Ratio.

In accordance with Articles L.225-149 and R.228-94 of the French *Code de commerce*, in case of adjustment to the Exercise Ratio and if the number of Ordinary Shares so calculated is not a whole number, (i) the Company shall round down the number of Ordinary Shares to be issued to the Market Warrants Holder to the nearest whole number of Ordinary Shares and (ii) the Market Warrants Holder will receive an amount in cash from the Company equal to the resulting fractional Ordinary Share multiplied by the volume weighted average price at the stock exchange session preceding the day of filing of the request to exercise its Market Warrants. Therefore no fractional Ordinary Shares shall be issued upon exercise of the Market Warrants.

3.11 Representative of the masse of Market Warrants Holders

In accordance with Article L.228-103 of the French *Code de commerce*, the holders of the Market Warrants shall be grouped into a body (*masse*), which shall benefit from legal personality and which shall be subject to the same provisions as those provided for in Article L.228-47, L.228-66 and L.228-90 of the French *Code de commerce*.

Each representative of the *masse* of Market Warrants Holders shall, without restriction or qualifications, have the right to fulfil in the name of the *masse* of Market Warrants Holders all management acts to defend the common interest of Market Warrants Holders.

It shall fulfil its functions until its resignation, revocation by the general meeting of the Market Warrants Holders or until an incompatibility occurs. Its mandate shall end by matter of law on the date the Exercise Period for the Market Warrants ends. This term can be extended by law until the

DRAFT
MODIFIED TERMS AND CONDITIONS OF
THE MARKET WARRANTS

definitive resolution of the pending litigation in which the representative would be engaged, and until the execution of the decision or settlements.

The designation of representatives of the *masse* of Market Warrants Holders and determination of their compensation shall occur after the Listing Date.

3.12 Ordinary Shares issued upon exercise of Market Warrants

The Ordinary Shares resulting from the exercise of Market Warrants shall be of the same category and benefit from the same rights as the Ordinary Shares resulting from the conversion of the Market Shares and the Founders' Shares. They will have current enjoyment (*i.e.* from January 1st of the fiscal year preceding that during which they are issued and will give their holders, as from their delivery, all rights conferred to Ordinary Shares.

These new Ordinary Shares will be issued in accordance with French laws and regulations and the competent courts, in the event of litigation, will be those that have jurisdiction over where the Company's registered office is located whenever the Company is the defendant. Such courts will be designated according to the nature of the litigation, unless the French *Code de procédure civile* provides otherwise.

The new Ordinary Shares issued upon exercise of the Market Warrants will be admitted to trading on Euronext Paris on the same quotation lines as the Ordinary Shares then outstanding (same ISIN Code).
